ENERGY STAR®, a U.S. Environmental Protection Agency program, helps us all save money and protect our environment through energy efficient products and practices. For more information, visit www.energystar.gov.

Dear ENERGY STAR® Computer Servers Stakeholders:

Please see the attached important correspondence from the U.S. Environmental Protection Agency concerning the ENERGY STAR Version 2.0 Computer Servers Program Requirements. EPA has learned of an update to the Standard Performance Evaluation Corporation (SPEC) Server Efficiency Rating Tool (SERT). Computer Servers should now be tested with SERT Version 1.0.1. The attached memo contains a full explanation of this clarification to the Version 2.0 Program Requirements.

Thank you for your continued support of the ENERGY STAR Program.

This message was sent to you on behalf of ENERGY STAR. Each ENERGY STAR partner organization must have at least one primary contact receiving e-mail to maintain partnership. If you are no longer working on ENERGY STAR, and wish to be removed as a contact, please update your contact status in your [MESA](#) account. If you are not a partner organization and wish to opt out of receiving e-mails, you may call the ENERGY STAR Hotline at 1-888-782-7937 and request to have your mass mail settings changed. Unsubscribing means that you will no longer receive program-wide or product-specific e-mails from ENERGY STAR.
