Dear ENERGY STAR® Telephony Stakeholder:

The U.S. Environmental Protection Agency (EPA) is pleased to share with you the attached Draft 1 ENERGY STAR Telephony Test Method and Test Data Template. EPA and the U.S. Department of Energy (DOE) received stakeholder comments on the Preliminary Draft ENERGY STAR Telephony Test Method and have made several modifications in response to these comments.

EPA and DOE seek comments on these modifications by **Friday, June 29, 2012**, and anticipate finalizing the test method in July to permit testing and data assembly in support of a Draft 1 ENERGY STAR Telephony Version 3.0 specification. EPA and DOE will also host a webinar to discuss this Draft 1 Test Method on **Tuesday, June 19, 2012, from 1–3 pm EST**. Please RSVP by Friday, June 15, to receive call-in information.

To submit comments on the Draft 1 Test Method or Test Data Template, or to RSVP for the webinar, please email telephony@energystar.gov. Please direct any specific questions about the revision process to Paul Karaffa at EPA, karaffa.paul@epa.gov.

Thank you for your continued support of ENERGY STAR.

This message was sent to you on behalf of ENERGY STAR. Each ENERGY STAR partner organization must have at least one primary contact receiving e-mail to maintain partnership. If you are no longer working on ENERGY STAR, and wish to be removed as a contact, please update your contact status in your [MESA](#) account. If you are not a partner organization and wish to opt out of receiving e-mails, you may call the ENERGY STAR Hotline at 1-888-782-7937 and request to have your mass mail settings changed. Unsubscribing means that you will no longer receive program-wide or product-specific e-mails from ENERGY STAR.
